**GLOS  
DE  
SIXTE**

**Lirac Rouge**

*Robert Parker*  
Wine Advocate

**90 pts**

"Tannin, minerality, and structure are found in the Lirac Clos de Sixte. I actually think the 2006 is more charming than the 2005.

It is a very good example, with structuralists preferring the 2005, and hedonists preferring the 2006.

Take your pick."
