

STRAWBERRY BLISS

SOUR ALE

TASTING NOTES: As an introduction to our new sour series, we are proud to present: Strawberry Bliss. This easy-drinking 5.5% tart wheat ale was lightly kettle soured and fermented with over 1700 pounds of strawberries! The initial burst of strawberry flavor fades into a refreshing lemony tartness before giving way to a soft wheat finish. Let this Strawberry sour help you find your bliss this summer!
