

CHASING THE HORIZON

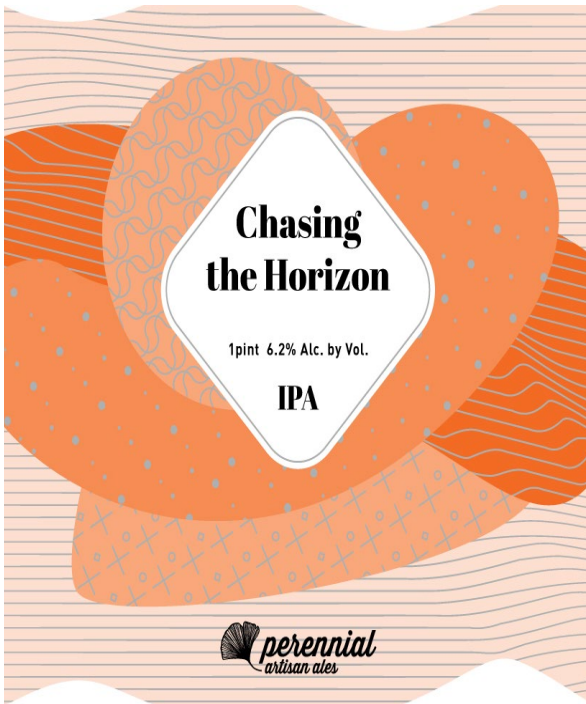

ABV: 6.2%

HOPS: Sabro Cryo, Simcoe, Columbus

GRIST: Pearl Mat, Oats, Crystal Maple, Acidulated

Chasing the Horizon is the latest in Perennial's series of "hazy lite" IPAs.

They paired a fruity British yeast strain with Pearl, a base malt from a centuries' old, family-owned British maltster.

This IPA has big doses of Sabro, Simcoe, and Columbus in the dry hop, evoking aromas and flavors of sweet tropical fruits and juicy citrus, with a hint of dank pine. It elicits memories of finishing your shift, getting into your ride, and heading into a sunset over the Flatirons.
