**PRISM**

**Mandarina Bavaria + Spalt**

**Prism is an ongoing series created to reflect classic and experimental hop varieties through the form of dry-hopped Saison.**

**This Prism utilizes the same simple grist and classic Belgian yeast strain of previous series and is dry-hopped with German-grown Mandarin Bavaria and Spalt. This beer reminds us of peeling an orange by the pool in July, black pepper Wheathins, humid bike rides to the Botanical Gardens, and taking a shower after mowing the grass.**
