Château Roby Loupiac Vignobles Larriaut

France - Bordeaux – Loupiac

This two-hectare estate is run by Colette Larriaut who inherited from her parents Jean and Denise Boutet. Colette focuses on traditional winegrowing and winemaking methods and keeps the passion and precision required to produce great sweet wines.

Château Roby Loupiac is built over time. More time is allowed to ferment and mature in order to produce a wine of character, a sweet wine marrying candied fruits, white fruits and white flowers with a remarkable freshness. The finish is long and very pleasant.

Loupiac is a very good alternative to Sauternes. It is less sweet and syrupy and has a nice balance and a delicious mouthfeel.

| | |
|------------------------|---|
| Appellation | Loupiac |
| Varietal(s) | 100% Semillon |
| Agricultural Practices | Sustainable |
| Vinification | Manual harvest from September to November with successive Selections. Only the candied grapes are taken from the bunches, the others will wait until they are fully ripe to be picked. Three to four sortings are necessary for a rigorous selection of the berries to give the loupiac its typicity. |
| Pairings | Excellent with Foie Gras and Blue Cheese, but also with dessert and particularly with dark chocolate based cake. |
| Size | 12/750ml |
| UPC code | 7 84585 02872 6 |
