

The chateau

In 1874, Feret's third edition had already revealed Château Vermont as one of the top growths of the Entre deux Mers appellation.

This vineyard makes up today's 40 hectares of vines planted encircling this XVIII century castle.

Since 2010, we work to extract the best of its 'terroir' and restore this property to all its former glory.

Tasting Characteristics

The wine of Château Vermont presents a ruby colour robe that is deep and profound.

The nose release a pleasant bouquet and is a mix of red berries, and plum highlighting (emphasizing) the merits of the dominant Merlot.

Rich, refined, fruity and deep in structure, the mouth of this wine reveal a concentration and well-balanced. Mixing ripe fruits and vanilla, this cuvee have a high intensity.
