Decanter

"Fondillón is an extraordinary treasure of Alicante, a rare product, made from late harvest, non-botrytised grapes, unfortified, but with a final alcohol of no less than 16%. Intense, aged, but not sweet (deliciously not more than 45g/l). Fab with cheese or dark chocolate. The wines have to be a minimum of 10 years; this release is more than 25 years. The project is a revival by David Carbonell of Vins del Comtat and two local families. Very limited quantities. - Sarah Jane Evans MW"
