Robert Parker
WINE ADVOCATE

"The red blend 2021 Wines Pool Blend was produced with an unusual blend, especially for a wine from Colchagua, of 75% Cinsault, 15% País and 5% each Marsanne and Roussanne. It has kept a moderate 13.5% alcohol and retained good freshness (pH 3.44) after maturing exclusively in Flextank and being bottled unoaked. This is fruit-driven and straightforward, with a medium-bodied palate and fine tannins. - Luis Gutiérrez"
