

Celebrate the 400th Anniversary in Virginia Wine 1619-2019

In the year 1619
Vitis Vinifera
vines were first
brought from

Europe to America with the intent to produce wine in Virginia. Eight vignerons were brought from France to set the stage for a thriving wine industry 400 years later. Virginia's Heritage is a celebration of this historic event. This limited-edition Virginia wine is a blend from many of the state's finest wineries, in recognizing Virginia as the cradle of American Winegrowing.

**VIRGINIA IS FOR
WINE LOVERS™**
