

RUBUS

RED BLEND

SPAIN
Organic

This Organic Red Blend from Tierra de Castilla is 70% Tempranillo and 30% Syrah, made in a Rhone style, with whole berry fermentation proceeded by skin contact. A dark purple color, rich cherry fruit, freshness and a surprisingly long finish that's almost too good to be true for a value wine.

The Rubus Project encompasses wines from around the world that are hand-selected by Fran Kysela to show the essence of each variety along with its terroir of origin. Rubus wines are fruit-driven and true-to-type values that over deliver - a true representation of quality for the consumer at an excellent price.
