# Wine of Origin Swartland

Swartland literally means 'the black land'. It takes its name from the now endangered renosterbos (rhino bush) which once turned the landscape a dark colour at certain times of the year.

The Swartland is a rugged place of untamed beauty and unique, distinctive terroir.  
The Riebeek Valley is in the heart of the Swartland wine region.

The Swartland wine region is home to low-yielding bush vines, many older than 30 years, produce grapes with distinct character & concentrated flavours.

The dry-land conditions of the Riebeek Valley, in the heart of the Swartland wine region, results in low yields & small berries that produce wine with:

- intense fruit aromatics
- layered flavour profile
- vibrant colour
- good natural acid
- soft tannin structure

The terroir of the Riebeek Valley is mainly affected by a Mediterranean climate and diverse, prehistoric Sandstone and Shale soils from the majestic Kasteelberg Mountain. Both significantly influence the style and quality of our wines.

Our main cultivars most suited to our growing conditions and translate the most true-to-type characteristics are:  
Chenin Blanc, Pinotage & Shiraz;  
as well as Southern Rhone varietals: Marsanne, Grenache Blanc & Noir, Mourvèdre, Cinsault & Viognier.

# RIEBEEK CELLARS COLLECTION

The Riebeek Cellars Collection is the sum of the land and the people of the Riebeek Valley.

Only the toughest vines and people thrive here.

Our wine celebrates the tenacity and courageous spirit in all of us.

Our wines are the reward for overcoming adversity.

Grapes from bush vine vineyards are becoming scarcer due to declining yields and increasing cultivation costs.

We know that these bush vine vineyards are Swartland's hidden gems.

We nurture our bush vine vineyards for the depth and breath they add to our Riebeek Cellars Chenin Blanc and other wines.

Based in a Mediterranean climate, on the foothills of the Kasteelberg Mountain, trellised vineyards in gravel Schist-based soils, require only supplementary irrigation.

## Harvest detail

Only the finest Moscato grapes are harvest early in the morning when it is still cool to preserve freshness. They are harvested earlier in the harvest season, while the grapes have good natural acidity to balance the natural sweetness.

## Cellar Treatment

Only free run juice is used for the purest fruit expression (i.e. no pressed grape must: as pressing the grapes add astringent flavours from the skins and pips. After settling and acid adjustment, the fresh grape must was inoculated with selected yeast. Fermentation was colder than usual to capture the delicate floral and upfront fruit flavours. The wine is bottled with CO2 in a Petillant style (lightly sparkling).

## Tasting notes

A pale straw colour with a light green tinge, the bouquet is burst of Muscat grape aroma with peach notes and delicate orange blossoms. The flavours follow through on light, refreshing slightly-sparkling, spritzy palate. This elegant, lighter style Muscat wine is low in alcohol, while the mouth filling sweetness is well balanced by refreshing acidity and a lingering finish.

## Serve

This wine should be served well-chilled. It is an ideal lunchtime wine, complementing light summer salads and tapas style meals. However, it is versatile enough to be served at any occasion.

| <b>Yields:</b>            | Between 6 to 8 tons/ha  |

### Winemaking & Maturation:

Once harvested, the grapes are hand-sorted, de-stemmed & crushed into temperature-controlled gravitational drainers. Only the free-run juice is chilled and settled overnight. The juice is then racked off into new and older (2<sup>nd</sup> & 3<sup>rd</sup> fill), 300L, oak barrels and wild yeast fermented in the barrels. Fermentation is temperature controlled and lasted around 22 days. The wine is then matured in the oak barrel on the gross lees for 12 months before being racked off, filtered and bottled. After bottling the wine is further bottle-matured for at least 6 months before release.

### Tasting Note:

Together with the age-old tradition of Dry Land viticulture, it resulted in an elegant, aromatic and richly textured wine, with characteristics typical to Chenin Blanc grown under these conditions. Citrus, lemon zest, ripe apple and tropical flavours are only some of the flavours that charm the nose. The palate follows through with flavours of melon, a touch of spice and well-integrated wood for exceptional balance and a luxurious, lingering finish.

*Best served at 10 to 12 °C, this wine will develop in complexity over the next 3 to 5 years.*

| <b>Wine of Origin:</b>    | Swartland                                       |
| <b>Technical Details:</b> | Alc 14.26 % • RS 2.3 g/l • TA 5.7 g/l • pH 3.55 |

**Source of Grapes:** The wine is sustainably crafted from the best block of a protected, 22 year-old, bush-vine vineyard, on the foothills of the Kasteelberg Mountain.

**Yields:** Between 6 to 8 tons/ha

### Winemaking & Maturation:

Once harvested, the grapes are hand-sorted and crushed into an open fermenter. Cold maceration lasts for 2 – 3 days for colour and soft, supple tannin extraction. Wild yeast fermentation lasts 7 – 8 days with regular, hand punch-downs. The initial fermentation temperature rises to 28 °C to lose volatile esters and is then brought down and closely monitored to stay below 25 - 26 °C. After fermentation, the wine is left on the skins for 7 – 8 days for further tannin development. This is followed by malolactic fermentation also on the skins. Using a traditional basket press, the wine is pressed into 2nd & 3rd fill 300L French oak barrels. After 14 months of maturation in the barrels, the wine is racked, filtered and bottled. After bottling the wine is further bottle matured for at least 6 months before release.

### Tasting Note:

The 2016 Kasteelberg Pinotage offers an abundance of seductive ripe cherries and rich, dark plums and a hint of subtle spice. Supple and elegant, the finish is long and luxurious.

*Best served at 16 to 18 °C, this wine will greatly benefit from decanting if drunk within the first 3 to 5 years after bottling.*

## SHIRAZ 2018

Limited release, single-vineyard Shiraz, from hand-selected grapes from the foothills of the majestic Kasteelberg Mountain, Kasteelberg Shiraz embodies excellent craftsmanship that transforms the harsh Swartland terroir into the pinnacle of our winemakers' art.

|                           |   |
|---------------------------|---|
| <b>Varietals:</b>         | 100% Shiraz   |
| <b>Production:</b>        | 630 cases / 3 780 bottles   |
| <b>Wine of Origin:</b>    | Swartland   |
| <b>Technical Details:</b> | Alc15 % • RS 3.4 g/l • TA 5.6 g/l • pH 3.39   |
| <b>Source of Grapes:</b>  | The wine is crafted from the best block of a single vineyard, deeply rooted in decomposed granite soil, on the foothills of the Kasteelberg Mountain. |

**Yields:** Between 6 tons/ha

### Winemaking & Maturation:

Once harvested, the grapes are hand-sorted and crushed into an open fermenter with up to 30% whole bunch fermentation. Cold maceration lasts for 2 – 3 days for colour and soft, supple tannin extraction. Wild yeast fermentation lasts 7 – 8 days while being closely temperature controlled to stay below 25 - 26 °C with regular hand punch-downs. After fermentation, the wine is left on the skins for 7 – 8 days, for further tannin development followed by malolactic fermentation also on the skins. Using a traditional basket press, the wine is pressed into 300L new French oak barrels. After 16 months of maturation in the barrels, the wine is racked, filtered and bottled. After bottling the wine is further bottle-matured for at least 6 months before release.

### Tasting Note:

The Swartland terroir is home to rich, nuanced, silky Shiraz and the 2018 Kasteelberg Shiraz is no exception. Rich black fruit, liquorice and hints of spice charms the nose. The palate follows through with black currents and complex baking spice. Full-bodied and rich, the velvety tannin structure offers a long, well-integrated finish.

*Best served at 16 to 18 °C, this wine will greatly benefit from decanting if drunk within the first 3 to 5 years after bottling.*
