

BOICH FAMILY CELLAR

This historic heritage site never disappoints. Signature black cherry components are all over the nose and palate with even more dark fruit components and blackberry preserve notes than previous vintages. Fruit-driven with a touch of Rutherford dust on the palate, a curious note of sabarilla and sweet spice make the full-bodied Georges III Cabernet memorable and intriguing. Soft, round tannins give a hedonistic edge to this wine. With a great length of finish this wine is showing its best in the 2016 vintage.
