

indwe PINOTAGE

2020

"EXCELLENT
EXTRAORDINARY"

GREAT
VALUE

The Washington Post

"This delightful red wine is bright in flavor and light in body, almost airborne like the blue crane - South Africa's endangered national bird - it is named for. Let this chill half an hour in the fridge and then you can chill with your friends and some casual summer grilled foods. Proceeds benefit blue crane conservation efforts of the International Crane Foundation and the Endangered Wildlife Trust.

- Dave McIntyre"
