WINE ADVOCATE

"Minty with fynbos nuances on the nose, aromas of sage and fern waft out of the glass of the 2016 Merlot, with a focus on plum and dark berry tones with soft oak spices. The palate is expressive with a soft smoky tone and espresso bean that lingers through to the mid-palate, showing a focused structure, energetic acidity and balanced tannins.

Medium to full-bodied, the wine is focused and lingers long with precision and subtle green

flavors. This is a delicious Merlot.
