"Cranes that make a bi-annual flight over the Loire Valley are referred to as les demoiselles, or beautiful ladies. As graceful as these birds are in flight, this 100% Sauvignon Blanc aged in stainless steel tanks for six months, shows verve and fine movement, texture, and pulchritude. Stony on nose and palate, with a whisper of pineapple behind a curtain of white tea flowers. Unique notes of capers underline a distinct earthiness."
