

# *Les Demoiselles*

## **SANCERRE**

*The name "Les demoiselles"- the young ladies - refers to the beautiful cranes that fly over the town of Sancerre twice a year. These graceful birds offer a unique and impressive show when they sometimes land on the banks of the Loire River. The Fleuriet family wanted to highlight this exceptional grace and express an elegant and refined bouquet in this Sancerre Demoiselles cuvée.*

The wine shows a bright yellow color with green highlights, a fruity nose with aromas of white flowers and acacia. Light-medium bodied in the mouth, supple and well structured, its concentration and crisp acidity make it a harmonious and food-friendly wine.
