"The 2017 Barrel Fermented Sauvignon Blanc was matured 75% in 500-liter barrels and 25% in concrete eggs. This has a more vivacious and slightly more fruit-driven bouquet of yellow plum and light nectarine notes, complemented by touches of crushed stone and gooseberry. Perhaps one of the finest Sauvignon Blanc aromatics I have encountered this vintage. The palate is well balanced with gorgeous orange peel, light black currant and gooseberry notes, just about perfect acidity and a very precise, long finish. It is an outstanding follow-up to the 2016, perhaps even better.- Neal Martin"
