"Founded in the 1400s as a monastery-run hospital, St. Nikolaus-Hospital continues its social mission today as a retirement home, supported by a winery with 44 acres of vineyards. This wine, from the steepest section of the Brauneberger Juffer vineyard, is opulent and structured, the flavor balanced between the fleshiness of ripe peaches and the pleasant, nutty bitterness of their skins. The mineral notes imbue it with a savory hint of smoke, a sultry wine to match with glazed pork ribs."
