

Le Jade Viognier

Les Costieres de Pomerols

France - Languedoc-Roussillon

The wine comes from sun-drenched vineyards planted on the best terroir - specially selected for its physical and geographical characteristics - on clay and limestone hillsides called "costières" (coastal region). The vineyards are only a few miles away from the Etang de Thau, a coastal lagoon that is situated between the port of Sète and Marseillan.

The color is a wonderful brilliant yellow with pearl tints. Intense and seductive aromas of ripe fruits, especially apricot, and floral notes with a hint of rose petals. The texture is very harmonious, generous, round and long. The finish is long and balanced with a good freshness.
