

Amaren Rioja Barrel Fermented Blanco

Bodegas Amaren

Spain - La Rioja - Rioja

Amaren is produced from plots located around the winery – Samaniego and the north of Villabuena de Álava and Leza. The demanding level that is set in Amaren requires that all the wines are produced in limited quantities. Vine plants are composed of small clusters which make perfect ripening possible with a high concentration of nuances. A wine with great aromatic intensity and elegance.

Bright clean yellow color. On the nose ripe fruit, stone fruit, citrus with hints of tropical fruits. Noticeable pastry and buttery characters coming from the batônnage. Pleasant chalky notes that showcase the clay-calcareous terroir along with additional complexity thanks to the wood fermentation. Tremendously fresh thanks to the acidity that the combination of the different white varieties provide.

Stone fruit with citrus notes and tropical flavors are accompanied with an enjoyable enveloping and unctuous mouthfeel that shows the labor intensive stirring of the lees. Very long finish with saline hints that perfectly match the chalky-clay soils of the Leza area from where the grapes are sourced.
