La Rita Loca

Cascade Brewing has been a pioneer in the sour beer renaissance since 2006 and is the proud innovator of the Northwest Sour Ale. We are, by nature, the definition of artisanal brewing: we're not bound by stylistic guidelines, just our own imagination and the ingredients we can access. Our distinctive sour beer blends feature fruit forward, barrel-aged ales that offer a complex array of flavors derived from Northwest grown ingredients, with each release capturing the unique subtleties of that year's growing season.

La Rita Loca features our sour blond and wheat ales aged in tequila barrels and oak wine barrels for up to a year with late infusions of lime zest, Oregon coast sea salt and ground coriander.
