

Cascade Harvest Graff

Cascade Brewing

United States - Oregon - Ashland

Graff is a beer-cider hybrid – a mix of apple juice with beer wort, and then fermentation with ale yeast. A refreshing and complex beverage.

To celebrate the harvest season, Cascade Brewing is excited to offer their interpretation of Graff. Their Harvest Graff is a blend of sour blond and red ales aged in wine and bourbon barrels for up to two years, then naturally fermented with raw juice from Northwest-grown apples and lightly infused with a blend of spices.

Specifications

Availability	Seasonal
Style	Red Ale
ABV	8
Packaging	bottles & draft
