

CT Valley Sherwood

CT Valley Brewing Company

United States - Connecticut - South Windsor

If you’re going to do a series of Mosaic IPAs, you have to start with a single hop! As an introduction to CT Valley's Mosaic Series, Sherwood, is an 8.2% New England Double IPA that showcases the amazing Mosaic hop. An abundance of Mosaic hops are added at different stages of the brew to impart a tropical fruit aroma with hints of fresh rose blossoms, before embracing your taste buds with notes of papaya and tangerine.

Sherwood refers to Sherwood Island State Park located in Westport. Connecticut’s first state park offers all patrons a destination for a leisurely lunch in the shade of the picnic grove, swimming in the Long Island Sound or a chance to view marsh life from the observation platform on Sherwood Island.

The state bird of Connecticut (robin) is pictured on the front of the can.

Specifications	
Availability	Seasonal
Style	NEIPA
ABV	7
Hops	Mosaic
Packaging	cans
