

Escutcheon Bowditch APA

Escutcheon Brewing Company

United States - Virginia - Winchester

Our Bowditch American Pale Ale is well balanced by using U.S. malts and hops. The malted barley provides a caramel biscuity aroma and slightly sweet taste, while a combination of four different hops balance the flavor and aroma off with smooth bitterness and hints of citrus and pine.

Explanation of the name:

Bowditch [bou-dich] : An early American mathematician and ship's master, Nathaniel Bowditch (1773-1838) wrote the extremely significant celestial navigation book, "The American Practical Navigator". His goal was to put down in the book nothing he couldn't teach the crew. To this day, the text remains so profound that mariners refer to it simply as "Bowditch" and a copy is used by every navigator.

Specifications

Availability	Year Round
Style	Pale Ale
ABV	5.3
IBU''s	40
Yeast	Proprietary Yeast Strain
Color(SRM)	Lovibond 8.5
Glassware	Becher Glass
Packaging	draft only
