

Perennial Funky Wit

Perennial Artisan Ales

United States - Missouri - St. Louis

Funky Wit, our wild take on a traditional Belgian Witbier! The wort is spiced with coriander, black peppercorns, and sweet and bitter orange peel before beginning a mixed fermentation with ale yeast and an array of *Brettanomyces* and *Lactobacillus* strains. This batch has been bubbling happily away in oak since February. Tart and spicy at the beginning, Funky Wit has a fluffy mouthfeel and ends with a lingering sweet coconut imparted by the oak.
