

BONNY DOON VINEYARD

PICPOUL

The nose is maritime, coupled with a discreet suggestion of peaches, wildflowers and the ubiquitous fragrance of beeswax. A unique note of spearmint that seems to pop up every now and then in other varieties grown at Beeswax Vineyard. Picpoul or “lip-stinger” is known, of course for its tingling acidity, but coupled with its singular savoriness, it creates a dramatic sensation on the palate.

This wine is utterly brilliant with the briniest oysters you can find or Dungeness crab. Other ideas include Grilled Octopus with Lemon, Moussaka, Sardines a la Plancha, Grilled Sardines with Frisée & Whole-Grain Mustard Dressing.
