explore all things wine

"Medium yellow. Yellow fruits, orange blossom, smoke and flint on the nose and palate. Thick and saline on entry, then seriously deep in the mid-palate, with suggestions of exotic fruits perfectly countered by strong saline minerality. I love the balance of sweet and salty elements and vibrant acidity. The slowly rising finish is very long and smooth. This wine, made from vineyards that have been Demeter-certified for more than two decades, boasts a thickness that few 2016s from the northern Mâconnais can match. I'd love to follow this unctuous yet energetic Viré-Clessé as it loses some of its baby fat but it's approachable already owing to its texture and balance. - Stephen Tanzer"
