

Lima Vinho Verde Schist

Encostas do Lima

Portugal - Vinho Verde

This special project from the Adega Ponte de Lima highlights the diverse soils of the Vinho Verde region. Made from 100% Loureiro grapes, both the Granite and Schist varieties boast a crisp acidity and expressive minerality. The vineyards are 12.40 miles apart. Elevation is 70-190 meters above Sea Level (both locations), Slope at both locations 25-30 %.

Schist Soil and wine comes from the South Side of the Lima River (Northern Portugal).

Lima Schist Vinho Verde displays subtle yet more complex aromas. Full bodied, persistent and engaging.
