

# CT Valley Fueled by Gravity

CT Valley Brewing Company

United States - Connecticut - South Windsor

Fueled by Gravity is produced using the finest European Two-Row Malts, which results in less protein and a more mellow flavor. Additionally, the finest Galaxy Hops from Australia and New Zealand are used in the production of this Hazy. Galaxy is originally a descendent of the German Hop, Perle. Today's Galaxy Hop yields the highest percentage of essential oils, which leads to beer with citrus, peach, and passion fruit aromas.
