

Donelan Family Wines

United States - California

We're a boutique Sonoma winery producing Syrah, Grenache, Pinot Noir, Chardonnay, Roussanne and Viognier. We have elected to prize quality over all other factors. Simply put, we think wine should taste great — with every vintage and every grape, this is our ultimate priority and our greatest motivation. Our working winery is located in Santa Rosa, where our small team puts in their passion and dedication to make Donelan one of the best Sonoma wineries for top-tier Syrah and private tastings.
