

# Gessinger Zeltinger Sonnenuhr Riesling Spatlese Feinherb Alte Reben

Weingut Albert Gessinger

Germany - Mosel

The Zeltinger Sonnenuhr (sundial) region is also known for its Devonian slate (without greywacke) and has even more extreme steep slopes up to 45 degrees! Light straw-yellow color. This has a very elegant, well-structured and mineral bouquet with aromas of tropical fruits, honey and lifted exotic florals. Medium-dry to taste, rather mineral, gently rich flavors of limes, florals and honey show with lushness. The mouthfeel is soft, but enlivened by bright, fresh acidity providing a linearity. As the wine flows, the flavors open out, but are kept in a linear flow from the acidity that becomes racy, leading to an off-dry finish. This is a classical, piquant halb-trocken style and typical representative of a Riesling.

RS: 28.2g/L

Specifications	
<b>Wine Type</b>	White
<b>Varietals</b>	100% Riesling
<b>Age of Vines</b>	100 years avg
<b>Certifications</b>	European Vegetarian Union
<b>Soil type</b>	Devon slate
<b>Vinification</b>	Fermentation preferably with wild yeasts. Cool, slow fermentation. Aged on fine lees several months.
