

Hola Winery

Spain - Catalunya

Our bodega is where all elements come together in harmony. Like an orchestra, each hand, each gesture, each moment plays its part—carefully aligned to guide the wine from grape to bottle with precision and respect.

Our vineyards rise where effort shapes character. High above the Mediterranean, among forests, herbs, and stone, vines grow slowly, challenged by altitude, wind, and light. This struggle gives birth to purity, tension, and natural balance. Certified organic and vegan by nature, our wines are crafted with deep respect—for the land, for its history, and for the farmers who know every vine by heart.

**Founded**

2014

Wine Production Area

Spain - Catalunya -
