## Kutjevo De Gotho Pinot Noir

## Kutjevo

## Croatia - Slavonia and Danube - Kutjevo

Pinot Noir de Gotho is a ruby-colored wine with a harmonious taste and bouquet. It is produced from hand-picked and carefully selected grapes from the special apellation - Hrnjevac. A modern, harmonious, and warm wine of balanced structure, infused with pleasant fruity aromas of dark berries, raspberries, plums, and dark cherries, complemented by refreshing, delicate floral notes. The complexity of flavors concludes with the distinctive notes of oak barrels

The 'de Gotho' line carries deep historical roots. It is a direct tribute to the Cistercian monks who built the legendary Kutjevo Cellar back in 1232 and brought the first vines to the region.

## Specifications

| | |
