Perennial Searching for Neil Fisher

Perennial Artisan Ales

United States - Missouri - St. Louis

"Another year of Belgian Fest collabs wouldn’t be complete without another hazy IPA with someone who has influenced our ideas on what hoppy beer can be, like WeldWerks. Brewed with a blend of malt bills from both breweries and crushed with freshy-fresh Citra, Simcoe and Ekuanot Cyro. Notes of mixing orange juice and pineapple juice at the Holiday Inn Express, bike rides on the beach in Savannah, and orange marmalade covered trees."
