

Podrumi Kresic

Croatia - Danube

Podrumi Kresic was founded by Dario Kresic.

On the banks of the mighty Danube, in picturesque Šarengrad, a story of love for the land, wine, and tradition was born. The Podrumi Krešić Winery is more than a place where wine is made – it is a home where every drop carries our passion and pride.

Our winemaking story began in 2006, with the planting of the first vineyard. Today, six carefully selected locations between Šarengrad and Opatovac, with a total area of 22 hectares, make up our viticultural mosaic. Between the sun, wind and river, grapes are formed, which are the foundation of wines in which the character of our region is recognized.
