

Shmaltz She'Brew #RBG IPA

Shmaltz Brewing Company

United States - New York - TROY

Brewed in honor of Ruth Bader Ginsburg. Also benefits the Pink Boots Society and ACLU Womens Rights Project.

Milkshake IPA brewed with Raspberry, Blueberry and Grapefruit. Collaboration with Moustache.

For Shmaltz's She'Brew's fourth release, when Lauri from Moustache Brewing mentioned that #RBG was her Beacon of Empowerment - the verdict was IN! The perfect inspiration for the next Shmaltz tribute collaboration. The launch was set for Int'l Women's Collab Brew Day in March 2020 - and then the disastrous case of their current Global Pandemic stormed into reality.

But RBG was also a once in a lifetime kind of event - a truly epic hero who changed the country and the consciousness for the better through her work and by her example. Intelligence and emotion, collaborative in spirit yet ferocious in her commitment to progress, the most serious positions from the highest responsibilities exhibited with constant charm and wicked wit.

This year is clearly different from all other years - and they brewed this sincere offering to give huge thanks to a guardian and a champion in the way they know best - by upholding the bar for #Notorious IPAs equally balanced for a commemoration of life and just causes everywhere - L'Chaim!

- Jeremy and Lauri

and the extended Shmaltz/Moustache posse

Specifications

Availability	Seasonal
Style	IPA
ABV	6
Special Ingredients	Fruit
Packaging	cans and draft
