

Sojourn Cellars Pinot Noir Gap's Crown Vineyard

Sojourn Cellars

United States - California - Sonoma Coast

Gap's Crown Vineyard has become one of the most iconic Pinot Noir vineyards in the Sonoma Coast. It was originally developed by Premier Pacific Vineyards between 2002 and 2005 and later purchased by Price Family Vineyards in 2013. In 2007, Sojourn Cellars became one of the first to make a vineyard-designate wine from Gap's Crown. Our clone 115 block, planted in 2005 on 3309 root stock at 800 feet elevation, has been the foundation for Sojourn since we began making Pinot Noir from this vineyard. Our clone 828 block was planted in 2002 on 420A root stock, and two clone 667 blocks round out the blend, both planted in 2004 on 3309 root stock. This hillside vineyard is situated on the western slope of Sonoma Mountain and is cooled by the persistent wind and fog of the Petaluma Gap.

The 2021 growing season offered optimal conditions in the Sonoma Coast to harvest grapes of exceptional quality. The air remained clear with no fires in Sonoma and pandemic lock downs ended. Our spirits were lifted and the grape harvest and wine quality benefited. Brief heat waves in August and September ripened the grapes to ideal maturity as the weather stayed dry until major rains arrived October 22, after our grapes were harvested. Yields were lower than average in 2021, with small berries and loose clusters creating wines of increased depth and concentration. In 2021 we blended destemmed clone 115 and clone 667, while fermenting all the clone 828 100% whole-cluster. The resulting wine, our fifteenth vintage of Pinot Noir from Gap's Crown Vineyard, offers complex layers of elegant fruit flavors with a bold strength at its core.
