

Susquehanna Hopcellerator

Susquehanna Brewing Company

United States - Pennsylvania - Pittston

Citra, Simcoe, Cascade, and Amarillo hops, are the stars of this supercharged IPA. With a hopped-up flavor and lots of citrus zest, tropical, and pine floral notes, this defiantly delicious brew is all-American and proud of it. Its cloudy glowing orange appearance in the glass sure is pretty, too. As a 6-generation beer family, we're revved about crafting brews that keep your taste buds firing.

Specifications
