

Weingut Silvia Heinrich

Austria -

"I live my life for wine. For us, it's not about big buzzwords, but about the love of wine and the daily dedication. After my two daughters, wine is the heart of my life. With a fantastic team who share my passion, we create wines that speak for themselves. Since 2009, we have consciously specialized in red wine, as our vineyards and the region offer ideal conditions for it.

75% of our vineyard area is planted with Blaufränkisch – the defining grape variety of the Blaufränkisch region. Each vineyard site produces unique wines, ranging from elegant and silky to mineral, intense and powerful red wines."

Founded

2009
