WINE ADVOCATE

"I find balance, seriousness and some restraint in the 2018 Crianza. It has moderate alcohol and contained ripeness, integrated oak and a polished palate with fruit and spice flavors that make it quite recognizable as Rioja. It has some tannins that would welcome food and/or a little bit more time in bottle. It's 90% Tempranillo and 10% Graciano matured in American oak barrels for one year. 240,000 bottles produced. It was bottled in April 2020.
