pts

"This has attractive, vibrant and fresh fruit aromas with plenty of red cherries and a very juicy, lithe and attractively plush core of fresh fruit that carries long into the sweetly fruited, gently smoky finish. Drink now."

"Deep, brilliant red. Smoke-accented cherry, blackberry and violet scents show very good clarity and pick up a hint of spiciness with air. Chewy and focused on the palate, offering appealingly sweet dark berry and spicecake flavors that are braced by a spine of juicy acidity. Dusty tannins build steadily on an impressively long, penetrating finish that strongly echoes the cherry and floral notes."
