*Robert Parker*  
WINE ADVOCATE

"The 2017 Viré-Clessé Quintaine is showing beautifully, unfurling in the glass with a refined bouquet of white peach, green orchard fruit, honeycomb and spring flowers. On the palate, it's medium to full-bodied, satiny and lively, with lively acids, promising structuring dry extract and a long, delicately honeyed finish. From vines that have been biodynamically farmed since 1991, this cuvée always attains a pH of 3.2 or lower, even in the warmest vintage. While it is always approachable, to my palate, this bottling is at its best with six to eight years of bottle age.

– William Kelley"
