"this solid, concentrated, tannic wine isn't meant for instant gratification, yet has impressive darker, almost blue fruits, loads of minerality, ample mid-palate depth, and a big finish. A mini-Hermitage with its structure and minerality, it's going to benefit from 2-4 years of bottle age and drink nicely for over a decade. It's an impressive
KYSELA PERE et FILS, LTD. Saint Joseph."
