KYSELA PERE et FILS, LTD.

"The nose offers attractive acacia honey, fig and quince aromas. The palate is very pure and viscous, featuring plenty of mandarin, tangerine, apricot and fig notes, but crucially, there is a fine bead of acidity that maintains tension and race all the way through to the finish. Excellent. - NM."

"From the first sniff on the nose, you can tell that the 2017 Fleurfontein has that "wow factor." Jumping out of the glass, there are aromas of rich and sticky stone fruits, with an essence of dried pineapple and golden raisin plus an intense floral bouquet. - AM"

"It shows seductively sweet rich, ripe stone fruit on a creamy palate. Good acidity keeps the wine lively on the finish. This 100% Sauvignon Blanc sweet wine is made by crimping the stem to force dessication, then dried on the vine for 3-4 weeks."
