

# LISMORE

## VIOGNIER

Rich, lush and decadent. Viognier is a gorgeous variety. Honeysuckle, peaches and dried apricot with a lingering citrus finish. A clean fresh acidity supports the extravagance of the nose and the palate. Balance is the key to this wine. It benefits from barrel maturation and lees contact with a fuller mouth feel and increased texture.

This combined with the firm acid backbone and intense fruit will allow this wine to integrate beautifully and gain further complexity over the next 3-5 years.
