# Bodega Cuatro Rayas

## Spain - Castilla y Leon

The raison d’être of Bodega Cuatro Rayas is making Verdejo wine for the world. Since its establishment in 1935, the winery has become a benchmark in the production of white wine and, in recent years, has won numerous awards for its red, rosé, frizzante, fortified wines, and vermouth.

Since the beginning, some of the priorities of the Cooperative have been taking care of the environment and the well-being of the people who live in rural areas. This commitment to a natural and social environment is now supported by the launching of ‘green & social’, a hallmark that attests the actions carried out in all the stages of the production of the wines to improve the living standard of their members and workers and the protection of the environment.

Bodega Cuatro Rayas is the premier winery in the DO Rueda region and its leading producer. They have recently expanded production to the DO Ribera del Duero and DOC Rioja.
