

Decoded Cabernet Sauvignon Napa Valley

Decoded

United States - California - Napa Valley

Intense and expressive aromas of ripe blackcurrant, blackberry compote, and dark cheery. Underlying notes of graphite, cigar box, and warm vanilla from oak aging. Hints of cedar crushed violet, and a touch of coca powder add complexity. Full-bodied and richly textured with firm, structured tannins. Flavors mirror the nose: blackcurrant and dark plum lead, followed by layers of Mocha, black tea and baking spices.

pH: 3.76

TA: 5.5 g/mL

RS: 3.5 g/L

Specifications

Appellation	Napa Valley
Varietals	85% Cabernet Sauvignon, 10% Merlot, 3% Petite Sirah, 2% Petit Verdot
Vinification	Grapes were hand-harvested at optimal ripeness, sorted carefully, and destemmed before a cold soak to enhance color, aroma, and flavor extraction. Fermentation took place in temperature-controlled stainless steel tanks with gentle punch-downs and pump-overs to balance tannin extraction with fruit purity. Following pressing, the wine matured for 10 months in French oak barrels, with a significant portion of new oak to impart subtle notes of vanilla, spice, and toast. Extended barrel aging refined the tannins and integrated the concentrated dark fruit flavors, resulting in a Cabernet with structure, depth, and the potential for graceful aging while remaining approachable in its youth
Pairings	New York steak, grilled lamb chops, braised short ribs..
