

Imperial Stag Malbec Rose

Imperial Stag Wines

Argentina - Mendoza - Lujan de Cuyo

The vineyards are planted on alluvial soil, mainly composed of sand, silt and gravel. This soil presents great permeability and a little proportion of organic material. It is irrigated by the Atuel river, that collects water from the Andes Mountains.

Imperial Stag Malbec rosé boasts a bright pale pink color, intense aromas of red fruits such as sour cherries and cherries with notes of red roses. On the palate, red fruit flavors and balanced acidity.

Specifications
