

**Leindl Riesling Heiligenstein**  
**Weingut Leindl**  
**Austria - Kamptal**

Located about an hour west of Vienna in Kamptal, this hillside vineyard was first mentioned in the Zwettl abbey register of 1280 as “Hellenstein”, or hell stone, because it was a mountain on which the sun “burns like hell”. It was later renamed Heiligenstein, or “holy rock”. The Heiligenstein is a unique geological formation – a geological island – within Europe, dating to the Permian period some 250 to 270 million years ago, comprising an extrusion of desert sandstone with volcanic and carboniferous conglomerates.

Medium yellow green. Fine nuances of ripe apricot, a hint of yellow apple, delicate herbs and spices, mineral Touch, hints of candied orange zest. Juicy, elegant, fine stone fruit, touch of finesse acidity, salty minerality in the finish, remains long, already well to drink.

| Specifications         |                                                                                             |
|------------------------|---------------------------------------------------------------------------------------------|
| Varietals              | 100% Riesling                                                                               |
| Agricultural Practices | Sustainable                                                                                 |
| Vinification           | Cold fermentation. Aged on the lees for 12 months in stainless steel tanks (no oak, no ML). |
| Pairings               | meat, seafood                                                                               |
