Specifications	
Varietals	59% Syrah, 35% Grenache and 6% Cinsault
Soil type	Sandy and limestone-clay
Vinification	Harvest is carried out at night when temperature is coolest,. The grapes are pressed as soon as they get to the winery in nitrogen-inerted pneumatic presses. Juices are then cold-settled before undergoing low-temperature fermentation. Great care is taken throughout the process to control oxygen intake, which is key to the wine's ability to keep its freshness and pink color during its shelf life.
Production	1,000 (9-liter cases)
Pairings	Love(R) Coteaux d'Aix en Provence Rosé is delicious with BBQ, lasagnas, grilled fish as well as a fresh Mediterranean salad.
